& the Section of Environmental Analysis**

**From: Bob Eitze**

**Re.: Medina County residents' support for Vulcan Materials'  
project in Medina County (Docket number: FD\_34284\_0)**

**Please accept this petition as support for the approvals that  
Vulcan Materials is seeking for this project. These signatures  
were collected in Medina County in early April, and the petition  
was given to the Texas Commission on Environmental Quality.  
Being one of the people who collected the signatures, I wanted  
you and the SEA to see the support we have for this project.**

**Thank you,**

**Bob Eitze**

Full copy of the petition with over 225 signatures submitted to the Texas Commission on Environmental Quality may be obtained by contacting the Texas Commission on Environmental Quality, Office of the Chief Clerk at (512) 239-3300.
